

Reducing Memory Access Latencies using Data Compression in Sparse, Iterative Linear Solvers

An All-College Thesis

College of Saint Benedict/Saint John's University

by Neil Lindquist
April 2018

Project Title: Reducing Memory Access Latencies using Data
Compression in Sparse, Iterative Linear Solvers
Approved by:

Mike Heroux
Scientist in Residence

Robert Hesse
Associate Professor of Math

Jeremy Iverson
Assistant Professor of Computer Science

Bret Benesh
Chair, Department of Mathematics

Imad Rahal
Chair, Department of Computer Science

Director, All College Thesis Program

Abstract

Contents

1	Introduction	4
2	Background	4
3	Test Results	4
4	Conclusions and Future Work	4
5	References	4
